

EUROPA Team

EUROPA is the result of many years of research and development, many people have made significant contributions to EUROPA over the years as detailed [here](#).

The current EUROPA team at NASA Ames consists of :

- [Javier Barreiro](#)
- Matthew Boyce
- Michael Iatauro
- [Tristan Smith](#)

Current external contributors :

- Tatiana Kichkaylo
- Conor McGann
- Mark Roberts

If you would like to share your experience using EUROPA or have any suggestions for making the software or the documentation easier to use, feel free to contact us at:
